

**The American Society for Aesthetic Plastic Surgery and  
The American Society of Plastic Surgeons Present**

**[BreastImplantSafety.org](http://BreastImplantSafety.org)**

*The most informative Internet resource on breast implant surgery*

- PURPOSE:** BreastImplantSafety.org offers objective and medically grounded information – from the two leading plastic surgery societies – on breast augmentation, breast lift, breast reconstruction and saline and silicone implants, including updates and comparative information on new devices and procedures.
- BENEFITS:** BreastImplantSafety.org gives women a reliable resource as they investigate the vast, often confusing and sometimes inaccurate information available online about breast implants and other breast surgery. Women can access current scientific information so they are empowered to make the best decision regarding breast surgery.
- FEATURES:** The site contains a **Photo Gallery** as well as detailed descriptions of the safety, risks, benefits and costs of all of the major breast reconstruction and augmentation options. It includes features like – **Find a Surgeon; Ask a Surgeon; a Woman to Woman** forum, where women can submit testimonials about their experiences; and tips on selecting and consulting a plastic surgeon. The site is updated on a regular basis to include the latest research and advances in breast augmentation and reconstruction.
- ACCESS:** The Web Site is [www.breastimplantsafety.org](http://www.breastimplantsafety.org). Information is available both for women seeking breast surgery for the first time and for those with existing implants that may need revision or replacement.
- ABOUT ASAPS:** The American Society for Aesthetic Plastic Surgery (ASAPS) is the leading organization of board-certified plastic surgeons specializing in cosmetic plastic surgery. ASAPS active-member plastic surgeons are certified by the American Board of Plastic Surgery or the Royal College of Physicians and Surgeons of Canada. [www.surgery.org](http://www.surgery.org)
- ABOUT ASPS:** The American Society of Plastic Surgeons (ASPS) is the largest organization of board-certified plastic surgeons in the world. With 6,000 members, the society is recognized as a leading authority and information source on cosmetic and reconstructive plastic surgery. ASPS comprises 94 percent of all board-certified plastic surgeons in the United States. Founded in 1931, the society represents physicians certified by The American Board of Plastic Surgery or The Royal College of Physicians and Surgeons of Canada.
