Presentation 3  More than Facelifting in Facial Rejuvenation; the Role of Skeletal Augmentation

October 2016
Gold Coast  Annual ASAPS Conference / Combined with ISAPS Symposium
Presentation 1  The importance of the Facial Skeleton in Appearance and Aging of the Facial Skeleton
Presentation 2  The Biology of Hydroxyapatite and Principals of its usage
Presentation 3  Hydroxyapatite augmentation for other areas such as temples, prejowl and supramental regions of the mandible
Presentation 4  Anatomy for Facial Rejuvenation and Facelifting
Presentation 5  Facelift: limited dissection composite technique

September 2016
Singapore  Allergan Applied Anatomy Workshop (AAW) Singapore
Cadaver Dissection and Lecture Course

June 2016
Gardone Riviera, Italy  Lipogems Workshop
Presentation 1  Lipogems: A Major Advance in Fat Injections

June 2016
Mykonos, Greece  ISAPS Course
Presentation 1  Understanding Facial Anatomy
Presentation 2  The Limited Dissection Composite Facelift
Presentation 3  The Under-appreciated Importance of the Facial Skeleton in Aging and its Effective Correction
Presentation 4  Controlled Upper Lid Blepharoplasty Using Tarsal Fixation

May 2016
Coventry, U.K.  Facial Aesthetic/ Oculoplastic Surgery & Rhinoplasty
Cadaver Dissection and Lecture Course
University Hospital Coventry & Warwickshire NHS Trust, UK
Dissections  1. The Anatomical Spaces and My Approach
            2. Lower eyelid blepharoplasty. Skin muscle flap technique
            3. Fat Compartments
Presentation 1  Face anatomy: A Focus on Aspects Related to Aesthetics

International Keynote Lecture  Face Lift: My Approach
Round Table Discussion  1. The Midface, what should we do
                       2. The Buccal Fat Pad, the safest approach
                       3. The short scar, when is it best
                       4. Slides of Horrible cases and complications
Presentation 2  Upper Blepharoplasty Utilising the Functional Anatomy of the Lid

April 2016
Argentina, South America  46th Plastic Surgery Argentinian Congress
Presentation 1)  "Understanding Facial Anatomy for Plastic Surgeons"
Presentation 2)  "The Anatomy of Facial Aging"
Presentation 3)  "Limited Dissection Composite Facelift"
Presentation 4)  "Augmentation of the Facial Skeleton in Facial Rejuvenation"

Athens, Greece  ISAPS Official Course
Presentation 1)  “The Lower Lid and Midcheek. Anatomy, Aging and Principles of Correction”
Presentation 2)  “The Upper Lid and Brow. Variables in presentation and their treatment”
Presentation 3)  “Aging of the Facial Skeleton. Its impact on Facial Aging and Correction”
Presentation 4)  “The Limited Dissection Composite Facelift. Principles, Anatomy and Results”

October 2012
Seoul, Korea  OSAPS 2012
Presentation 1) “Limited Dissection Composite Facelift. Anatomy and Technique” (High Definition Video included)
Presentation 2) “Influence of the Skeleton on Facial Aging. Analysis and Correction with Hydroxyapatite augmentation” “Correction of the Mid Cheek with the Facelift”

September 2012
Geneva, Switzerland ISAPS 21st Congress
Video Presentation 1) “The Premasseter spaces approach to Facelifting; A Minimal Dissection anatomical approach”
Presentation 2) “Importance of the Superolateral Orbital Rim and its Surgical Enhancement”

April 2012
Positano, Italy ICAPS 2012
Presentation 1) “Aging of the Facial Skeleton”
Presentation 2) “Experience with Hydroxyapatite Augmentation of the Mid Cheek Skeleton”

February 2012
Melbourne, Australia 16th Advanced Aesthetic Plastic Surgery Workshop
Presentation 1) “Upper Blepharoplasty”
Presentation 2) “Alternatives for the outer brow. Deep temporal lift vs supraorbital rim augmentation”
Presentation 3) INTERACTIVE PANEL

October 2011
Melbourne, Australia III MAFAC Melbourne Advanced Facial Anatomy Course
University of Melbourne
Head of Faculty Cadaver Dissection and Lecture Course

August 2011
Curitiba, South Brazil X VEMI Meeting
*LIVE SURGERY*
Live surgical demonstration - Lower Facelift

June 2011
Istanbul, Turkey 3rd International Eurasian Aesthetic Surgery Course
Presentation 1) “The premasseter approach to the lower facelift (Special Presentation).”
Presentation 2) “Aging of the facial skeleton and its surgical correction”
Panel “Understanding the mid cheek and explaining the surgical approaches”
*LIVE SURGERY*
Live surgical demonstration – Facelift

June 2011
Stockholm, Sweden KEYNOTE SPEAKER
Presentation 1) “Facial anatomy – important considerations in aesthetic surgical and non-surgical interventions”
Presentation 2) “The lid cheek junction – lower lid surgery vs. mid-face lifting”
Presentation 3) “The premasseter space approach in lower face-lifting”
Presentation 4) “Ageing of the face and use of vector in face and neck lifting” (teaching courses)

June 2011
St Petersburg, Russia
Presentation 1) “Ageing of the facial skeleton and its correction” (PANEL)
Presentation 2) “Understanding the Mid Cheek”
March 2011
Sydney, Australia
Masters Symposium
KEYNOTE SPEAKER
Presentation 1) “Pearls in patient selection” (Upper Lid Blepharoplasty)
Presentation 2) “Understanding the Lid and Mid Cheek”

December 2010
New York, U.S.A
Sherrell Aston 30th Manhattan Eye & Ear Throat Hospital Aesthetic Surgery Symposium
Presentation 1) “Applied anatomy of the 3 segments of the mid cheek: Lid Cheek segment, Malar mound and Nasolabial segment”
Presentation 2) “The Premasseter Space approach to the Lower Facelift and Perioral Correction”
Presentation 3) “Aging of the Facial Skeleton. Understanding and Correction to obtain harmonious facial rejuvenation.”

October 2010
Melbourne, Australia
II MAFAC Melbourne Advanced Facial Anatomy Course
University of Melbourne
Head of Faculty Cadaver Dissection and Lecture Course

August 2010
San Francisco, U.S.A
20th Biennial Congress of ISAPS
Moderator Facial Rejuvenation

June 2010
Barcelona, Spain
Faculty of the XVII International Course on Plastic & Aesthetic Plastic Surgery
Presentation 1) “Principles of Facial Anatomy and the Premasseter Space”
Presentation 3) “Lower Facelift, Premasseter Space Approach”

June 2010
Ekaterinberg, Russia
International Plastic Surgery Course
Presentation 1) “Principles for Understanding Facial Anatomy”
Presentation 2) “Lower facelift using the Premasseter Space. Anatomy, Technique descriptive and video, Results.”
Presentation 3) “The Midcheek 1. Its importance, detailed anatomy.”

June 2010
Brussels, Belgium
3rd CATFAS Meeting
Presentation 1) “Anatomical basis and semantics for evidenced based facial rejuvenation surgery”
Presentation 2) “The Fundamental Place of Volume in Facial Rejuvenation”

February 2010
Melbourne, Australia
Stonnington Workshop
Presentation 1) “Open Browlift”
January 2010
Kingscliffe, Australia
Presentation 1)
"The advanced upper eyelid"

***100th PRESENTATION***

January 2010
Honolulu, Hawaii
Presentation 1)
"Important aspects of facial anatomy for plastic surgeons”
Presentation 2)
“The Premasseter space approach to the lower face”
Presentation 3)
“Detailed understanding of Midcheek anatomy as it relates to lid-Cheek junction, malar mounds and nasolabial folds”
Presentation 4)
“Hydroxyapatite augmentation of the facial skeleton. Rationale, technique and results”

November 2009
Melbourne, Australia
Head of Faculty
Presentation 1)
"Function of the Face”
Presentation 2)
"Principles of Facelift Anatomy”
Presentation 3)
"Mid Cheek Anatomy”
Presentation 4)
"Lower Facelift”

October 2009
Beijing, China
1st International Congress of Aesthetic Surgery
Presentation: 1) The Lower Facelift using the Premasseter Space
Presentation: 2) Understanding the Anatomy of the Mid Cheek and its Application

September 2009
Rhodes, Greece
11th Congress of ESPRAS, ISAPS
Presentation: 1) The Anatomy of the Mid Cheek & its Application

May 2009
Las Vegas, US
American ASAPS Aesthetic Meeting
Presentation: 1) Surviving Complications after Cosmetic Surgery

Presented with the 'Raymond Villain Award for Best Presentation by an International Physician’, awarded at the ASAPS Annual Meeting, Las Vegas May 2009.

March 2009
Khajuraho, India
Indian Association & ISAPS Symposium
The Annual Meeting of Indian Association of Aesthetic Plastic Surgeons
Presentation: 1) Lower Facelift
Presentation: 2) Anatomy of the Face & Mid Cheek

March 2009
Melbourne, Australia
Registrars Conference Melbourne
Presentation: 1) Understanding Facial Anatomy

October 2008
Hiroshima, Japan
Japan Society of Aesthetic Plastic Surgery (JSAPS)
31st Annual Meeting to be held in Hiroshima
Keynote Lecture:
Contemporary Understanding of Facial Anatomy from Basic Principles to Facial Spaces.

October 2008
Australian Society of Plastic Surgery (ASPS)

Presentation: 2) Understanding the anatomy of the Mid Cheek  
Moderator: Body Part 2. |
| September 2008, Chester, United Kingdom | British Association Aesthetic Plastic Surgery (BAAPS) | Presentation: 1) The Anatomical basis of Facelift  
Presentation 2) Treatment of the lower eyelid and midface.  
Presentation 3) The Anatomy of the Eyelid and Lips, Comparing Contrast |
| June 2008, Bologna, Italy | Italian and American Plastic Surgeons. 11th Congress | Panel: Anatomy  
Keynote Lecture: Reflection on changes in understanding of facial anatomy since 1988.  
Moderator: Genetic Panel |
Presentation 1) The Lower Lid and Cheek. Importance, Anatomy and Rejuvenation.  
Presentation 2) The Premasseter Space and Lower Facelift. |
| May 2008, Liverpool, United Kingdom | The Royal College of Ophthalmologists 20th Anniversary Annual Congress | Presentation: Lower Eyelid Rejuvenation |
Presentation 2) Prevention & Management of Unsatisfactory Results in Upper Lid & Brow Surgery. |
| May 2008, San Diego, USA | American Society of Aesthetic Plastic Surgery (ASAPS) Aesthetic Meeting | Panel: Lid Cheek Junction  
Presentation: Surgical Rejuvenation of the Lid Cheek Junction. |
Presentation: Use of the Premasseter Space in Cervico Facial Rejuvenation. |
Presentation 2) Mid Cheek Anatomy  
ASAPS ORATION: 30 minute presentation. |
| September 2007, Bordeaux, France | SOFCEP (French Society) Meeting incorporating EASAPS. |
Presentation: My Evolution for more Natural Results.

June 2007
Berlin, Germany
Master Class: Aesthetic Face Advanced Surgical Techniques in Facial Rejuvenation.
Keynote Lecture: Advances in Understanding Facial Anatomy.
Keynote Lecture: The Importance of the Spaces.

May 2007
Seoul, Korea
International Society of Aesthetic Plastic Surgery (ISAPS) Instructional Course.
Moderator: Session 4 - Face.
Presentation: Session 1 - The Anatomical Basis for Lower Facelift.
Presentations: Session 6 - The Anatomy and Ageing of the Lower Lid and Cheek.

May 2007
Valencia, Spain
XLII SECPRE National Congress
Master Conference: Facelift Surgical Anatomy.
Presentations 1): Lower Lid Contouring. Rationale and Surgical Technique.
Presentation 2): Premasseter Space Approach to the Lower Facelift.
Presentation 3): Understanding the Complex Anatomy of the Mid Cheek.

April 2007
New York, USA
American Society of Aesthetic Plastic Surgery (ASAPS) Aesthetic Meeting
Panel: Blending Lid Cheek Junction.
Presentation: Divergent Approaches Similar Results?

November 2006
Shanghai, China
Oriental Society of Aesthetic Plastic Surgeons (OSAPS).
Presentation: 1) Modern Understanding of Facial Anatomy in Relation to Facial Ageing.
Presentation 2) Anatomical Approach to Facelifting using the Composite Technique.

August 2006
Rio De Janeiro, Brazil
International Society of Aesthetic Plastic Surgery (ISAPS) 18th Congress.
Panel: Periorbital
Presentation: Periorbital Anatomy as it Relates to Ageing and Rejuvenation.

June 2006
Bordeaux, France
International Consortium of Aesthetic Plastic Surgeons (ICAPS).
Presentation: Clinical Anatomy of the Lower Lid and Lid Cheek Junction.

June 2006
Venice, Italy

Presented instructional courses on 'The Anatomy of the Mid Cheek and Lower Lid' and 'Understanding Facelift Anatomy'.

**July 2003**
**Rochester, U.S.A**
Lecture to the Plastic Surgery Department of the Mayo Clinic on 'Anatomy of the Mid Cheek'.

**July 2003**
**Barcelona, Spain**
Panel: Cases and Complications.
Presentation 1) Applied Anatomy of the Mid Cheek.
Presentation 2) Temporal Approach to Rejuvenation of the Upper Cheek and Lower Lid.

**May 2003**
**Boston, U.S.A**

Presented a two hour instructional course 'Understanding Facelift Anatomy'. Demonstrated the Extended SMAS Facelift to an audience of surgeons via an interactive video, followed by a panel discussion and audience interaction.

Presentations: 1) Facelift in the Global Perspective. 2) Key Elements of Cervical Contouring. 3) Facelift - The Australian Perspective.

Presented with the 'Raymond Villain Award for Best Presentation by an International Physician', awarded at the Thirty-fifth Anniversary Meeting of ASAPS in April 2002.

**April 2002**
**Las Vegas, U.S.A**
Thirty-fifth Anniversary Meeting of the American Society Las Vegas for Aesthetic Plastic Surgery.
Presentation 1) Facial Ageing and Surgical Solutions.
Presentation 2) Precision Shaping of the Lid-Cheek Junction - Problem Solving in the Difficult Patient.

International Symposium Day, panel member on 'The Face', a panel comprising three international surgeons presenting their own personal philosophy and technique of facial surgery.

**February 2002**
**Miami, U.S.A**
Thirty sixth Annual Baker Gordon Cosmetic Surgery Symposium.
Presented three lectures on aesthetic facial surgery. Member of the Small Teaching Faculty. Demonstrated the Extended SMAS Facelift procedure and reshaping of the lower lid.

**2001**
International Society of Aesthetic Plastic Surgery (ISAPS)
Presented Instructional Courses as part of the teaching Faculty for meetings in Taiwan, London and Rio de Janeiro on facelift anatomy, the temporal lift and midcheek lift.

**May 2001**
**New York, U.S.A**
American Society for Aesthetic Plastic Surgery, Annual Conference.
Teaching course on facial surgery:
The Role of Volume and Vectors in the Facelift

First Australian to be invited to present a teaching course at this leading International Meeting.

**2000**
**Rochester, U.S.A**
Mayo Clinic Minnesota
John B Erich Visiting Professor of Minnesota, Plastic Surgery for 2000.

**November 2000**
**London, United Kingdom**
Stamford Private Hospital.
